The moment you pull up at this property you will feel like you have arrived at your new home!

The delightful garden is the first thing that catches the eye, as you approach this quality built three bedroom, two bathroom home. It is beautifully designed, taking advantage of the northerly aspect to the rear of the property, where the living and kitchen areas open up to a private spacious outdoor entertaining area that soaks up the morning sunshine, the perfect setting to enjoy a quiet morning breakfast. The sound of trickling water emanating from the centrepiece ornamental fountain puts you in a relaxed mood whilst you quietly go about tending to the garden or alternatively enjoying quality time with friends and family in the generous and private grounds. Gently undulating farmland abuts the rear of the property. Properties such as this one are a rare find, inspection of this lovely property is strongly recommended.
